

Name _____

Date _____ Per _____ Asst _____

"Who's Your Daddy?"

NOVICE SOLUTION

BABY GENOTYPES

Baby 1	Baby 2	Baby 3

Use a Punnett square to determine the possible genotypes of the babies born to the Leels.

Compare the possible genotypes with the genotypes of the three evacuated babies. Which babies can possibly belong to the Leels?

--

Now, use a Punnett square to determine the possible genotypes of the babies born to the Hayes.

Compare the possible genotypes with the genotypes of the three evacuated babies. Which babies can possibly belong to the Hayes?

Now, use Punnett squares to determine the possible genotypes of the babies born to the Pooles.

Compare the possible genotypes with the genotypes of the three evacuated babies. Which babies can possibly belong to the Pooles?

Based on all the information you have gathered, indicate which babies belong to each set of parents?

PARENTS	BABY
LEELES	
HAYES	
POOLES
